# DOCTOR OF PHILOSOPHY IN PHYSIOTHERAPY ( By Research)

(N/0915/8/0001) (05/29) (MQA/PA 15597)

## PROGRAMME DESCRIPTION

The Doctor of Philosophy (PhD) in Physiotherapy at Lincoln University College is a research-intensive program designed to cultivate advanced expertise in physiotherapy practice, research, and leadership. It aims to produce scholars capable of contributing significantly to the field through independent research and academic endeavors.

It emphasizes developing strong research skills, critical thinking, and evidence-based practice. Students conduct original research under supervision, leading to a thesis that contributes to the profession. This program prepares graduates for careers in academia, research, and advanced clinical roles.

The Doctor of Philosophy in Physiotherapy prepares students for international careers by developing globally recognized research skills, offering opportunities for publication, and building expertise in specialized fields. It promotes international collaboration, enhances academic and clinical career prospects abroad, and is widely respected for its rigorous, evidence-based approach.

## PROGRAMME AIM

The Doctor of Philosophy (PhD) in Physiotherapy at Lincoln University College is a research-intensive program designed to develop advanced expertise in physiotherapy practice, research, and leadership. The program emphasizes scholarly research and aims to produce graduates capable of contributing significantly to the field through independent research and academic endeavours.

## CAREER OPPORTUNITIES

Graduates of the Doctor of Philosophy in Physiotherapy program are well-prepared for advanced roles in various sectors, including:

- Researcher
- Professor
- Director of Organizations
- Clinical Consultant
