Master of Arts in Teaching of English as Second Language (MATESL)

(N-DL/0114/7/0047) (07/30) (MQA/PA 18234)

PROGRAMME DESCRIPTION

The Master of Arts in Teaching of English as a Second Language (MATESL) at Lincoln University College is designed to equip educators with comprehensive knowledge and pedagogical skills for effective English language instruction. Delivered fully online, the program emphasizes second language acquisition, curriculum development, language assessment, and intercultural communication. Through interactive virtual lectures, research-driven coursework, and practical teaching strategies, students gain a strong foundation in applied linguistics and instructional design. The program is ideal for professionals seeking to enhance their expertise and pursue careers in teaching, curriculum planning, or language training in both local and international contexts.

PROGRAMME AIM

The Master of Arts in Teaching English as a Second Language (MATESL) aims to equip educators with advanced theoretical knowledge and practical skills in language pedagogy, curriculum design, and intercultural communication, enabling them to effectively teach English to diverse learners in local and global educational contexts. The program aims to produce postgraduates who are:

Knowledgeable and practically competent scholar-teachers capable to teach English as a second language and conduct research innovatively in line with current requirements of national language teaching policies. This program produces postgraduates with a mastery of knowledge and skills in specific field/fields of study/work.

Proficient in demonstrating social skills and responsibilities and communicating effectively, successfully working in teams and demonstrate leadership in local and international ESL teaching organizations.

Competent of teaching ESL professionally and ethically and demonstrate the ideal attitudes of educationalists and researchers. This program provides postgraduates with advanced language skills and knowledge and ability to conduct research and solve problems effectively.

Skilled in solving students' educational problems innovatively and managing information and life-long learning for better career advancement. Professional practice able to use higher order thinking skills to generate new solutions to problems.

Able to demonstrate entrepreneurship skills successfully and innovatively in carrying out and developing different educational projects. This program produces postgraduates who act with a global mindset and can work collaboratively and independently.

PROGRAMME DURATION

Full Time: 12-18 months | Part Time: 24 Months- 36 Months
